Sinclair Pinkins

Housekeeper/Floor Technician

Zionsville Meadows

When Sinclair sees a call light flashing, he sets his mop aside to answer it and helps if he can. If he is unable to address a resident's need, he gets assistance from nursing staff.

Sinclair's top concern is the resident. Employed at Zionsville Meadows since November 2014, Sinclair performs his job with residents in mind. When asked how he feels about serving seniors, he replied: "They are like family."

Sinclair's grandfather was a resident of Zionsville Meadows. It was him and Sinclair's father who taught him floor tech skills. He also credits his father and grandfather with helping him develop the excellent work ethic he has today. Co-workers say Sinclair does a phenomenal job and gives respect to everyone, whether it's residents, family members, co-workers or other employees.

Sinclair understands the importance of the job he performs at Zionsville Meadows and does his job with confidence, humbleness and a smile.

Thank you, Sinclair, for all that you do.
