Westview Nursing and Rehabilitation Center Receives Top Rating by Indiana State Department of Health

BEDFORD, Ind. — Westview Nursing and Rehabilitation Center, one of more than 60 Senior Health and Memory Care communities operated by American Senior Communities, has earned the highest rating possible for their quality of care and the excellent condition of the facility.

Westview Nursing and Rehabilitation Center's deficiency-free score is the best score a Senior Health facility can receive from the Indiana State Department of Health and it is a distinction achieved by a low percentage of facilities in Indiana.

The ISDH inspects licensed health care facilities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of facility. The state rating is evidence of the company's commitment to residents, said ASC officials.

Located at 1510 Clinic Drive, Bedford, Westview Nursing and Rehabilitation Center has worked diligently to provide excellence in care and in the condition of the community, said ASC officials.

"The Indiana State Department of Health is rigid in its standards and does an extensive review," said Dan Benson, COO of American Senior Communities. "Receiving a perfect score is what we constantly strive to achieve. We appreciate the amazing staff and their strong commitment to serve each resident with quality care and excellence. Without that level of dedication, this wouldn't be possible."

Westview Nursing and Rehabilitation Center provides a continuum of Senior Health and Memory Care options and services, including Moving Forward Rehabilitation, Skilled Nursing Care, Long Term Care, Hospice and Respite. Its Auguste's Cottage Memory Care Center serves those with Alzheimer's disease or related dementias.
