Autumn Ridge Rehabilitation Centre Named Business of the Month by Chamber of Commerce

WABASH, IN — Autumn Ridge Rehabilitation Centre has been named Blue Ribbon Business of the Month by the Wabash County Chamber of Commerce.

Autumn Ridge, located at 600 Washington Street, Wabash, is one of nearly 90 senior health and memory care facilities operated by American Senior Communities. The facility employs 90 professional and support staff.

Autumn Ridge Marketing and Admissions Director Michael Lehman said the community is one of the area's largest advocates for the Alzheimer's Association. "We are also the only facility in Wabash that offers programming and a special unit for those with dementia and Alzheimer's.

"Along with our Auguste's Cottage Memory Care Center, we have a designated memory care facilitator who is responsible for the day-to-day programming on our dementia unit."

Other services offered by Autumn Ridge include Moving Forward Rehabilitation, Long-Term Care, Skilled Care, Respite and Hospice.
