### **Autumn Ridge Rehabilitation Centre Earns Deficiency-Free Rating**

**WABASH, IN** — Autumn Ridge Rehabilitation Centre received a perfect annual survey rating during an annual inspection by the Indiana State Department of Health.

A perfect score is the highest score a facility can receive in an annual survey and is a distinction achieved by less than 3 percent of facilities in the state, according to data from the U.S. Centers for Medicare and Medicaid Services.

A deficiency-free result in the state's rigorous annual examination is one of the top indications of excellence for nursing facilities. In perhaps the most regulated industry within the State of Indiana and across the nation, nursing facilities are thoroughly surveyed to assess compliance with federal and state standards of care, such as adequacy of staffing, quality of care and cleanliness of facilities.

Located at 600 Washington Street, Wabash, the senior health and rehabilitation community is operated by American Senior Communities.

Executive Director Aaron Vogel said Autumn Ridge Rehabilitation Centre staff operate by the company's core values.

“Compassion, Attentiveness, Relationships and Excellence: these words not only form an acronym spelling out CARE, they are guiding principles that lead us every day as we serve a very special generation,” said Vogel.

“We are so proud of the staff for living out these values in an exceptional way,” said Vogel. “Without the staff's high level of dedication and commitment, a deficiency-free survey would not be possible.”
