### **Todd-Dickey Nursing and Rehabilitation Earns Deficiency-Free Rating**

**LEAVENWORTH, IN** — Todd-Dickey Nursing and Rehabilitation received a deficiency-free survey rating during an annual inspection by the Indiana State Department of Health.

A deficiency-free score is the best score a facility can receive and is a distinction achieved by a low percentage of facilities in the state.

The health department inspects annually to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of facilities.

Located at 712 West 2<sup>nd</sup> Street, Leavenworth, the senior health and rehabilitation community is operated by American Senior Communities.

Executive Director Chris Kincade said Todd-Dickey Nursing and Rehabilitation's staff operate by the company's core values.

“Compassion, Attentiveness, Relationships and Excellence: these words not only form an acronym spelling out CARE, they are guiding principles that lead us every day as we serve a very special generation,” said Kincade.

“We are so proud of the staff for living out these values in an exceptional way,” said Kincade. “Without the staff’s high level of dedication and commitment, a deficiency-free survey would not be possible.”
