### **Cardinal Nursing and Rehabilitation Earns Excellent Survey Results**

**SOUTH BEND, IN** —Cardinal Nursing and Rehabilitation was found to have no federal deficiencies during an annual survey by the Indiana State Department of Health.

Annually, the health department assesses compliance with state and federal standards of care, such as adequacy of staffing, quality of care and cleanliness of facilities.

An excellent score like this is a distinction achieved by a low percentage of facilities in the state.

Located at 1121 E LaSalle Ave in South Bend, the community is operated by American Senior Communities.

Chad Knisley, Executive Director, said Cardinal's staff operates by the company's core values.

(more)

“Compassion, Attentiveness, Relationships and Excellence: these words not only form an acronym spelling out CARE, they are guiding principles that lead us every day as we serve a very special generation,” said Knisley.

“We are so proud of the staff for living out these values in an exceptional way. We congratulate the staff of Cardinal. Without the staff's high level of dedication and commitment, these distinctions would not be possible.”

Cardinal Nursing and Rehabilitation provides Moving Forward Rehabilitation, Auguste’s Cottage Memory Care, Hospice, Respite, Skilled and Long-Term Care.
