### **Markle Health and Rehabilitation Earns Deficiency-Free Score**

**MARKLE, Ind.** — Markle Health and Rehabilitation was found to have no deficiencies during a recent inspection by the Indiana State Department of Health.

Operated by American Senior Communities at 170 N. Tracy Street in Markle, the community serves seniors and others who need rehabilitation and skilled nursing care. The health department inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of facility.

A deficiency-free score is the best score a senior health facility can receive and is a distinction achieved by a low percentage of facilities in the state.

Compassion, Attentiveness, Relationships and Excellence are the core values for American Senior Communities.

“We are so proud of the staff for living out these values in an exceptional way. We congratulate the staff at Markle Health and Rehabilitation for the perfect survey. Without the staff's high level of dedication and commitment, a deficiency-free survey would not be possible,” said David Alexander, ASC's vice president of operations.

Markle Health and Rehabilitation offers Moving Forward Rehabilitation, Auguste's Cottage Memory Care, Hospice, Respite, Skilled and Long-Term Care.

For more information about Markle Health and Rehabilitation, call (260) 758-2131, or visit the website at [www.ASCSeniorCare.com/mhr](http://www.ASCSeniorCare.com/mhr).
