

# Look who's talking about *Arbor Grove Village*

*"I knew I needed to participate in Arbor Grove Village's Moving Forward Rehabilitation to Home program to successfully be independent again." - Helen Robertson*

Helen Robertson, a New York native, found herself in need of rehabilitation after a long hospital stay. Previously being a certified nursing assistant, Helen knew she needed to participate in **Arbor Grove Village's** Moving Forward Rehabilitation to Home program to successfully be independent again. After just a short stay of less than 30 days, Helen is in a new apartment living independently. She is a recent widow after 35 years of marital bliss, so a new apartment is pretty exciting to her. She is appreciative of the THERAPY team helping her succeed at home so she can once again enjoy her favorite hobby of cooking. Helen made many friends at Arbor Grove Village and plans on volunteering at the facility in the activity department. Congratulations Helen and WELCOME home.

*Our Moving Forward program is designed for those striving to restore abilities lost due to stroke, cardiovascular difficulties, orthopedic surgery and other debilitating conditions. Programs vary in frequency and intensity and include physical, occupational and speech/language therapies. Our goal is to return our participants home safely with the skills they need to continue life on their own terms.*
