

I'm Moving Forward

I'm Gayle Villani, and I'm **Moving Forward.**

"I would like to thank Jo Ellen very much. She spent time with me when I was a difficult patient. I was in a considerable amount of pain. Jo Ellen spent her own time on many occasions to make sure I was as comfortable as possible with my pain, discomfort and treatments. She definitely went 'above and beyond.' Jo Ellen explained my treatment so I could understand the procedures and outcomes. I will never forget Jo Ellen's compassion and understanding. She made sure doctors were aware of my problems. I am very fortunate to have Jo Ellen in my corner."

"Jeff is an outstanding Physical Therapy Assistant. I was bedridden and had to relearn how to walk. My left clavicle was fractured, making it more difficult to learn how to walk again. Jeff spent a considerable amount of time helping me regain muscle tone back in my legs. Jeff was extremely patient in helping me working through my pain and frustration."

Our Moving Forward program is designed for those striving to restore abilities lost due to stroke, cardiovascular difficulties, orthopedic surgery and other debilitating conditions. Programs vary in frequency and intensity and include physical, occupational and speech/language therapies.

Our goal is to return our participants home safely with the skills they need to continue life on their own terms.

If you or someone you know could benefit from Moving Forward Rehabilitation therapy, please give us a call today!

"Where caring people make the difference!"
