April Pate
Administrative Assistant

Rosewalk Village of Lafayette

April is truly a people person. After being in the restaurant industry for 14 years, she was ready for a change. Yet she wanted to stay in some sort of a customer service role. She came to work at Rosewalk as administrative assistant and has been in it that role for two years.

She is the person who mans the "hub" (front desk). From answering the phone, to welcoming families, to putting the residents first, she is truly a super woman. She provides backup in helping out with payroll/HR and business office needs as well. And if any of the department managers have questions, she is usually the first one asked.

"I love what I do when I see the smiles," she said.

April is a mom of two active children, Arica, 17 and Ryne, 11. You can find her sitting in the stand cheering on her kids as they participate in marching band, soccer and baseball. She has been married to her high school sweetheart, Jeremy, for 20 years. In her spare time she likes to run (her goal is to finish a 10K this year) and read on her kindle.

The difference she makes at Rosewalk is tremendous. Thank you, April, for all that you do.
