Rosegate Assisted Living Receives Deficiency-Free State Inspection

INDIANAPOLIS, IN — Rosegate Assisted Living was found to have no deficiencies during a recent inspection by the Indiana State Department of Health.

Operated by American Senior Communities at 7525 Rosegate Drive, the community provides a wide range of amenities and services, tailored to meet the needs of individuals. The health department inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of facility.

A deficiency-free score is the best score an assisted living facility can receive and is a distinction achieved by a low percentage of assisted living and healthcare communities.

Compassion, accountability, relationships and excellence are the core values for Rosegate Assisted Living and all American Senior Communities locations, said ASC officials.

“We are so proud of and grateful to our team at Rosegate Assisted Living for living out these values in an exceptional way,” said David Stordy, ASC’s chief operating officer. “Without this team’s high level of dedication and commitment, a deficiency-free survey would not be possible.”

Ann Jee Kirstein, Rosegate Assisted Living’s general manager, said it took hard work to achieve this rating.

“This is a great accomplishment for our team. We are so thankful for the committed staff working together to achieve this goal. Success is not luck, it is hard work and dedication,” Kirstein said.
